love the 3 hole alignment-it fits right into my son's notebook. The only downside I could find was in the basic grammar section I couldn't find listed any definite or indefinite articles. Those are basic grammar rules and would be great for a chart.

Great basic spanish dictionary. Easy to use for the beginner. I ordered two from because their price was less than half the price of the same book at the book store. Now we have one for home and one for school.

Ordered for Spanish 1 students. They love it. This dictionary is a great quick reference that the students keep in their notebooks. We all love how handy it is and the number of entries. It gets great use both in class and for homework.

This is great for kids in school (1st & 2nd yr spanish). It fits neatly in a binder, no more lost dictionaries. The print is small, but those with 20/20 vision will have no trouble.

This book worked well for my daughter. She will use it daily in Spanish Class.

I ordered these for my daughters' binders and they have been perfect! The writing is a little small, but doesn't seem to be a problem for them

Description is off. I thought there was space to write notations.

It is a great dictionary. Something I was looking for.
