## **Customer Reviews**

I received an ARC copy for an honest review. I was expecting more romance. The romance that was in it was good, but I would have liked less suspense. Overall, book was great, but I tend to read for entertainment value and this book was a bit more involved than I like.

I am unsure of my feelings about this book. It was all too simplistic and somehow just didn't flow. I guess the plot was ok but it concluded too easily and to be honest it was in parts ridiculous especially the storming of the 'fortress' that was arranged in just a few hours. Not up to MJ's usual standards.

Well just finished this book. I loved it. Mary Jane you have another hit. Have read a lot of your books but this one is my favorite. Keep the coffee cup handy...LOL MAKE SURE U THANK YOUR MOM.. CAN,T WAIT FOR THE NEXT ONE. This book made you want to be there to help this family and the loves of their life. Thank you.

Three brothers, Barry, Eddie and Gabriel and lots of drama concerning their business and love lives. Drama, did I say drama, well what about murder, threats, lies, mystery, lust, love, lots of action, revenge, hate, surprises, etc This story has it all. Mary Jane has done it again as she weaves this story of three brothers and how they find love while dealing with family secrets.. A fun story.I received an arc copy in return for an honest review

This is a story about three gorgeous billionaire brothers, Barry, Eddie, and Gabriel, and the women they love! These brothers love and protect each other and are always there for each other! There is much sex, suspense, and mystery and I really enjoyed it! It started out a little slow, but picked up really quickly and I couldn't put it down! I found several parts that were very emotional! I recommend this book very highly! I received an ARC for an honest review.

The Tangled is about three brother, who find true love while trying to find out, who and why someone is out to ruin their company and destroy their family.This series is full of action and drama on every page,with a splash of lust and romance. You will laugh and cry, but most of all you will love to read it over and over again.I received a free copy of this book in exchange for an honest review .

OH MY GOODNESS. I loved this series. This is a must read filled with lies, hate, love, honesty, threats, loss, insanity, and most of all victory. The Gibson brothers are plagued by loss. Someone is out to destroy them and there new loves. The results of their late father's past have come back to haunt them. They struggle with finding the ones who want revenge so badly that they would kill for it.

2.5 stars. The story is still convoluted . I don't understand the reason why some things happened, but I guess it added to the twist and turns of the plot. More attempts at murder and bombs. Personally I wouldn't marry any of the brothers. They do get their HEA.
