ROMANCE: STRATTON (College Alpha Male Sports Romance Book 1) (New Adult Contemporary Romance Short Stories)

Synopsis

Heâ€™s a jerk. I hate him. I never want to see him again. Unfortunately, thatâ€™s not possible. Because we live together. Yup, thatâ€™s right â€“ Stratton MÃ¶ller, German native and perennial campus playboy, is one of my housemates for the year. I never thought that weâ€™d have anything in commonâ€¦ So what if we banded together against the other housemates that night? That doesnâ€™t mean anything at all. After this year, weâ€™ll just go back to hating each other. Right? Thereâ€™s no way I could ever fall in love with someone so arrogant and promiscuous. So why canâ€™t I stop thinking about him? Sure, heâ€™s gorgeous. And heâ€™s amazing at soccer, and he speaks three languages. But that doesnâ€™t even slightly make up for what a jerk he can be. He sleeps with a new girl practically every day, and expects women to drop at his feet. Plus, watching him carry on with his friends is a nightmare. Itâ€™s like all they can do is think of new ways to embarrass and horrify the female sex. I always swore that Iâ€™d never fall for that, but here I am... Grab this sexy, college bad boy romance now! For fans of Sabrina Paige and Sosie Frost!

Customer Reviews

I'm sorry to say that this was an absolute waste of money. Less than an hour to read. Very few words per page. No background to why she's so angry with him. Bounces around subjects and just all around horrible. I couldn't even finish it. It was that bad. Sorry to be so brutally honest but it's too

late for a refund since I purchased 2 weeks ago and I'm hoping to save someone else the trouble.

I wanted to read the book that was in the description not 15 other books that are with this one. This makes no sense to have me pay 2.99 for 30 minutes of reading.

I thought this was just going to be about this title but it was not. "Stratton" only took me about 45 minutes to read. This also contains another book which is not what I wanted to read. It was very disappointing.

Very disappointed...When I purchased this I expected to read all about Leda and Stratton for a few days. Instead I was introduced to some story that I didn't care to read, so I didn't, followed by less than an hour of reading of what I actually thought I was paying for. So if I'm interested in hearing the rest of Leda and Stratton's story I'm to pay another 3.99? No thanks. Don't wanna risk paying for another story I'm not interested in followed by a little snippet of what I'd really like to read. Since I only got to read for one hour I only gave one star. If I ever get to read the rest of the story I'm sure that number will rise bc Leda and Stratton's story was getting pretty good.

This book was not only short, but had no build up at all. I bought this because it looked really interesting. The new adult genre is something I really enjoy. However, this skimmed a beginning, just started a plot, then it was over. I would love to see where the story goes, but I will not spend any more money to be this disappointed.

Not even going to bother. The author put this book in the 98% location and filled the first 98% with other short stories. At first I thought downloaded the wrong book. Thankful I have prime and didn't have to pay for it. Good for the author.... Since the story was at the end she will get paid. What a scam!

Was not interesting to many short stories, not a full novel

as always school is tuff and being in a house with people you dont like very much its very tuff.Leda finds herself in this awkward and weird position cause she doesn't care for Stratton but things change the bad boy that she thought that he was isn't really who he is. he has the bad boy look but also excels at school her opinion of him changes and she actually thinks she might be falling in

love with him.I received a free ARC for an honest review.
