Beatrix Potter: Writing In Code (Children's Literature And Culture)

Synopsis

Beatrix Potter was one of the inventors of the contemporary picture book, and her small novels published at the turn of the twentieth century are still available and popular today. *Writing in Code* is the first book-length study of Potter's work, and it covers the entire oeuvre, examining all facets of her work in relation to her private life. Daphne Kutzer reveals the depth of the symbolism in Potter's work and relates this to the issues of the author's own development as an independent woman and writer, and her struggles with domesticity, Unitarianism, and the socio-political issues in late-19th and early-20th century England. Weaving the subtle themes inscribed in Potter's own stories with the concerns and temperament of the author who wrote them, Kutzer exemplifies literary criticism as it can illuminate the breadth of allusion in children's literature.

Book Information

Series: Children's Literature and Culture

Paperback: 194 pages

Publisher: Routledge; Reprint edition (October 25, 2013)

Language: English

ISBN-10: 0415653649
