Perfect Ruin (Unyielding Book 2)

Synopsis

The New York Times Best Selling Author Nashoda Rose is back with the much anticipated story of Kai and London in the Unyielding series. Kai There is nothing I care about. No attachments. No connections. Outwardly, I'm a perfect gentleman. Until my target sees my knife. I fear nothing, not even death. In my world, death is considered a privilege. But my life comes with unbreakable cruel strings and when I met her, I should've walked away. I didn't. I was too selfish. And that sealed her fate. Because one week with me led her into the hands of ruin. London We all have unique layers that make up who we are. What makes us vulnerable or strong. What we fear and what excites us. But peel back those layers and you're left exposed. They did that to me. Each piece was slowly stripped away then burned. I merely existed. But there was one layer they overlooked. The most important of them all the tie to one man. The man responsible for me being this way. The man who found me. And the killer who would do anything to protect me. Perfect Chaos (Unyielding, #1) Deck and Georgie Perfect Ruin (Unyielding, #2) Kai and London Perfect Rage (Unyielding, #3) Connor's story *Due to language and sexual content 18+

Customer Reviews

âˆ™Iâˆ™d hated him. Feared him. Desired him. Needed him. And loved him.âˆ™Dark, gritty, evocative and passionate Nashoda Rose once again gives us a story that we just couldnâˆ™t put down. It was fast paced and thrilling. It had romance at the heart surrounded by violence and power and suspense. It had a cast of much loved characters trying to escape a horrific past and present âˆ™ preventing a horrific future. Brilliantly written and flawless it was another top class addition to a series we love.âˆ™that single moment changed the course of my life.âˆ™We have to stress that this series must be read in order âˆ™ we even needed to refresh our memory on certain aspects and weâˆ™ve read every book that went before. Some overlap and some situations and characters are intricately entwined; itâˆ™s easy to get lost. Itâˆ™ll all become clear though and the amount of wow moments are really too many to count. The suspense was brilliantly written and we were on the edge of our reading chairs through the whole story.âˆ™Her choices had been taken away and sheâˆ™d been trained to obey. Her survival had depended on being locked inside herself.âˆ™Sheâˆ™d become nothing. Her freedom hadnâˆ™t freed her at all. It trapped her in a world she no longer knew how to survive in and she ran from it.âˆ™London and Kaiâˆ™s story was one of darkness and light. An innocent being brought into a horrifically ugly world through no fault of her own. Her life determined by circumstances beyond her control. Honestly, our hearts bled for this girl and broke at the violenceâˆ™I liked him wrapped around me. I liked the feel of him. I liked him in bed with me. And Iâˆ™d never felt so protected in my life. The irony was I had the feeling that Kai could very well destroy me.

I usually have an intro ready when I finish a book. This one has my thoughts in a jumble and I don't know where to start. So many things happen in this story and I don't want to give away too much so I'll try to break it down to the necessary. We were introduced to the secret organization called Vault in Perfect Chaos. We also met Kai whose story I was so looking forward to reading. I loved Deck but Kai is a whole new level of awesome. He grew up in an institution called the farm, a facility belonging to Vault where kids are raised to become what Kai is today. He is a killer who was steeled and trained to be one of the best, ice-cold, emotionless and focused. His mother is a manipulating, power hungry bitch who killed his father and has his sister imprisoned in one of Vault's locations for helping a fellow kid escape. His current objective is to convince a brilliant scientist to hurry up developing a drug for Vault. He gives Dr. Westbrook a week to come up with a solution. When London watches a man threatening her father from her hiding place in a closet she feels a chill down her back but also an inexplicable fascination. When he approaches her to press the issue of her father to speed up the drug research she negotiates a deal: Seven days of sex in exchange for

more time for her dad. Kai is totally on board with this. London is fascinated with the contradiction that is Kai. He is cocky, arrogant even, charming but also callous at times. And there are times when he shows an unexpected care for her. There is also a familiarity about him she can't shake. Soon Kai and London realize that they got more than they bargained for and feelings begin to arise they neither want nor can afford.

4.5 StarsStraight up I was nervous getting started on this one. Perfect Ruin was a dark and gritty read that I knew I had to be in the right mindset for. I knew the players and what they were all about or so I thought. See, Kai is a bit of a dark horse. Cool, calm and collected on the outside, but you never really know what he's thinking or could predict how he'll act. It's always best to be on your guard around him especially if he has either his knife or piano wire in easy reach. Now, London is expected broken. I really didn't think there was any chance that this would end up as my kind of - hearts and flowers happy ever after - story. But, as I'm learning when it comes to reading a book by Nashoda Rose, expect the unexpected. There I was, girding my loins and reading with one eye open when I was completely thrown for a loop. I can honestly say that I have never, ever finished a prologue with a fist pump and a very vocal WOOHOO!! I settled back and thought that maybe it wasn't going to be as bad as I thought. HA!! Yep, I relaxed a wee bit too soon. London Westbrook is a bit of a nerd. She, like her father, loves science and would rather be in a lab than a nightclub. This has brought them very close and it's not unusual for London to spend her spare time in her father's lab. One day she ends up overhearing a very intense conversation between her father and a strange man. This man was familiar but seemed very intimidating. London, at first manages to stay out of sight and undetected but it was almost like he could sense her which sends her heart galloping. He leaves and she thinks she's off the hook but he was waiting for her. Kai is on a mission. He needs to convince the scientist working for his employer/cult/establishment to work faster.
