## Customer Reviews

It All Starts with Marketing is a marketing book written for the orthodontist. Dr. Gorczyca has been a successful orthodontist for more than two decades and shares many of the secrets of her marketing success in this book. As someone who makes their living as a Marketer, I really appreciated this book for its simplicity. It is well organized, but it lays out 201 marketing tips that can benefit any office. I can imagine many orthodontists reading this book and saying, "Yes, I do this in my practice, but I have forgotten to do this, this, and this!" Dr. Gorczyca provides the framework and guidance to ensure that each office is doing what is needed to help grow their practice. There is even a Marketing Calendar template at the end of the book to help the reader action on what he/she learns when reading this book. I'd recommend this book to residents and experienced orthodontists alike!

Great book of marketing ideas in a dental practice! Some obvious and some creative and unique. An excellent resource for any office that wants to grow, attract new patients, retain great ones--and have them refer their friends and families.

Dr. Gorczyca gets it. She gives simple yet (easily) overlooked ideas to provide impeccable service. So many great suggestions. She even provides an implementation guide. Most books that tell you how to make an improvement fail to provide steps for implementation. Not this book.

I highly recommend this book for any dentist who is looking to increase their patient pool. The marketing ideas are relatively straight forward and easy to implement. Some of the ideas are common sense while others are more thinking "outside of the box." In my mind, if you even get one new patient from this book, it is worth its weight in gold.

Very well written book! It is a very good book for an office looking to do some marketing but not sure exactly where to start or for a start up office needing a guide to create a good marketing strategy! I highly recommend this book. It is full of great advice and great ideas.
